

MINUTES OF THE BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES, STATE OF CALIFORNIA

Violet Varona-Lukens, Executive Officer
Clerk of the Board of Supervisors
383 Kenneth Hahn Hall of Administration
Los Angeles, California 90012

At its meeting held April 27, 2004, the Board took the following action:

16

Supervisor Antonovich made the following statement:

“The Mosquito and Vector Control Association of California has designated the week of May 3 through May 9, 2004, as ‘Mosquito and Vector Control and West Nile Virus Awareness Week’ in the State of California.

“The Antelope Valley Mosquito and Vector Control District was established in 1958 by the Los Angeles County Board of Supervisors as a public health agency. The District’s mission is ‘to protect the public health of the citizens, improve enjoyment of outdoor recreation, and enhance economic development.’

“The District’s main goal is to reduce the number of mosquitoes within the boundaries of the District and to monitor outbreaks of the mosquito-borne diseases such as the West Nile Virus. The District accomplishes this by monitoring and treating known mosquito breeding sources and implementing Integrated Pest Management measures and community information and education programs.”

Therefore, on motion of Supervisor Antonovich, seconded by Supervisor Knabe, unanimously carried (Supervisor Molina being absent), the Board proclaimed May 3 through May 9, 2004, as "Mosquito and Vector Control and West Nile Virus Awareness Week" throughout Los Angeles County.
